Greetings, Parents and Guardians!

Talk about time flying??!! Where has the school year gone?! We've had some wonderful field trips, in-school assemblies, the Christmas program and Lion King, along with many classes and a lot of testing. The results of the state testing do not come back until very late summer or next school year, but we do have the results of your child's IOWA tests in this week's folder. Any valid test should verify what you or we are seeing on a regular basis; it shouldn't be a surprise. But it's good to see an objective evaluation. And the IOWAs are nationally normed, meaning they reflect where your child stands not just in Ohio, but with students across the country. Any questions about the report, we'll be happy to help explain!

Again, we are not able to offer a full summer school program this year, but we will be sending workbooks home with PK-2, and some 3rd and 4<sup>th</sup> graders that they can use during the summer so as not to lose what they have learned this year. For older students, READ, READ, READ! is the key! Reading whatever interest them, as much as they can, will help no matter what.

Our St. Boniface Band, beginners and advanced, will be performing for us on Thursday, May 16, at 1:45 in the gym. You are all cordially invited to attend!

This coming week is the last time for TaeKwanDo, Big Brothers, and Kids in Action. Our last week of school is the week BEFORE Memorial Day. That will be full of field trips – K through 3 going to the Cincinnati Zoo on May 21, and the whole school going to the WEB on Wednesday, May 22. Field Day is Thursday, May 23, with graduation that night. Students may wear play clothes for the Field Day.

Days are staying light longer, but school still starts early, so please do make sure your students get enough sleep these final days – it is important!

#### Coming Events:

Friday, May 10 -- May crowning in church, 8:30 AM

Tuesday, May 14– Big Brothers to 4:15

Wed'day, May 15 –Beginners Band to 3:30;
