

# St. Boniface School

...making a world of difference

## BLAZE-ing Updates

### Updates and Reminders:

- **Please make sure to send your student to school with a mask.** We have back-up disposable masks if needed but this should be a rare support afforded students. Please invest in masks for your student so we can keep one another safe.
- We are missing a great deal of the following forms:
  - Emergency Information Card (red)
  - Emergency Medical Authorization Form
  - Health History Form
  - Prescription Medications Form
  - Administration of Medication Form (over the counter meds)

We have included a new set of these for each student in the Thursday folders. Without these forms, it simply isn't safe to have students on campus, especially during a pandemic. We need this vital information about your students. Honestly, if we don't get these back soon, I may have to shut down the building until it is reconciled because it is a liability to be operating without knowing how to protect and serve the health of your students. Please make sure this is take care of ASAP.

- Progress Reports are in the Thursday folder. Please remember this is a check point, a time to make sure we are having conversations with students that identify the what they are doing right and what they need to improve. I encourage you to use these documents as a conversation starter between you and your students and their teachers so we can help best meet the needs of all parties involved.

Peace,

Paul Ebert  
Principal
