

St. Boniface School ...making a world of difference

News from the Principal

October 8, 2020

Greetings St. Boniface Families,

It is October and that means we need to put the uniform shorts away. They can come out again in April! Just a friendly reminder that our uniform consists of navy blue pants and white shirts. Our full uniform policy can be found in our handbook, which is located on our website. We are very grateful to **The Assistance League**, who has just given us uniform items for us to pass out. Uniforms will be given out on a first-come first-serve basis. Look for an email with a link to sign up, or follow this link to sign up for a uniform package for your child.

Picture Re-Take - NEW DATE - Our picture re-take date has been changed to Thursday, November 5, 2020. Many of our remote learners will be coming back and will be face to face at that time. For those who are still remote learning, we will have a sign-up for you to come in that day to have your picture taken. More details to come.

1st Quarter ends on Thursday, October 29, 2020. Friday, October 30, is an **off day** for all. The **2nd Quarter begins Monday, November 2, 2020. This will be the day that our remote learners may return to the classroom** (if they have chosen to do so).

Parent/Teacher Conferences will be held Wednesday, October 28, from 3:00-5:00, and Thursday, October 29, from 3:00-8:00 PM. This fall, conferences will be either virtual or by phone. Sign up forms are in this week's folder. Sign up now to get your preference! The end of the first quarter is a great time to touch base with your child's teacher to discuss progress thus far, and what improvements can be made moving forward.

Option C is the on-line grading system that our school uses. Each parent (and student) has a unique username and password to log into the account to check grades. Grades K-5 will find your username and password in today's Thursday folder (grades 6-8 received instructions last week). I encourage all families to check your child's progress on Option C. You are able to see their current grades and whether or not they are missing assignments. It is a great way to stay on top of your child's education!

I would like to remind everyone that we are entering flu season, and it is so important, especially this year, for all of us to get our flu shot! The Centers for Disease Control and Prevention (CDC) highly recommends getting your flu shot this fall not only to reduce your risk from flu but also to help conserve potentially scarce health care resources. We want to be doing everything we can to stay healthy!
